Charitable Trust, Uttar Pradesh (India)**

[Registered with Govt of India, NITI Aayog NGO Darpan (MHRD),
Department of income tax under Section 80G]

NITI Aayog

Date of Conference: 07th - 08th/03/2023 Email : awards@iardo.com

Saveetha Institute of Medical and Technical Sciences

The Saveetha Medical and Educational Trust was established in 1986 with the primary goals of promoting education, supporting research, and providing medical help. In 1988, the Trust developed a General Hospital with an affiliated Saveetha Dental College. In order to fulfil our pledge and to help the public, especially those living in rural villages in and around Chennai and surrounding districts of Tamil Nadu, the Trust subsequently founded nursing colleges, physiotherapy colleges, occupational therapy colleges, and engineering colleges.

Ranked 29 out of all public and private universities, IITs, and IIMs in the 2020 MHRD NIRF ranking, maintaining its place among the top 50 universities for the past three years. Based on the ongoing high rankings, SIMATS is one of the 15 Private Universities in the nation to enjoy total academic autonomy. SIMATS came in 66th place overall.

Saveetha School of Management

Saveetha School of Management (SSM) was established in the year 2008. SSM offers a two year Full Time Master's degree in Business Administration (MBA) using a trimester system. We provide students with the opportunity to practice the fundamental skills while fostering in them the capacity to define objectives, motivate others, and forge individual professional paths. Marketing, Finance, Human Resource Management, Hospital Management, Systems and Production are some of the specializations offered in our MBA.

About the Conference

“International Conference on Innovation, Infrastructure, Equality and Economic growth for Sustainable Development”

The overwhelming results of cross-disciplinary study are currently being considered and experienced by academia and researchers. Additionally, it has consistently received support from governments, research organisations, and academic institutions. The goal of the multidisciplinary international conference is to create a forum where representatives from academia, business, and various government and private universities and institutions may gather to celebrate past accomplishments and discuss key bottlenecks and future directions. The discussions will focus on both the intended and unintended effects of new Innovation and Infrastructure on Business Management.

The purpose of the conference is to promote and magnify the research culture in academia and industry through the exchange of ideas. In addition, the objective of the conference is to cultivate participants to improve Economic Growth and enhance in the Sustainable Development of our country.
